**Re: Drivered Autonomous Vehicle Passenger Service Pilot Program Quarterly Data
Report, November 1, 2019 - January 31, 2020; Permit Number TCP0039036-A**

Dear Mr. Kasmar,

Pursuant to CPUC Decision 18-05-043 of the California Public Utilities Commission (“CPUC”) in Rulemaking 12-12-011, Aurora respectfully submits this Quarter Service Data Report under the Drivered Autonomous Vehicle Passenger Service Pilot Program for the reporting period ending January 31, 2020.

Please note that CPUC issued Aurora’s Charter Party Carrier (“TCP”) certificate on January 24, 2020. As such, this Quarterly Service Data Report covers the period between January 24 and 31, 2020. Aurora did not provide rides to any members of the general public during this time; the only passengers in our vehicles were Aurora employees and contractors.

Verification Statement. I am the Chief Executive Officer of Aurora, and authorized to make this verification on its behalf. The statements in this Quarterly Service Data Report are true to my own knowledge, except as to matters therein stated on information or belief, and as to those matters I believe them to be true. I declare under penalty of perjury that the foregoing is true and correct.

Aurora looks forward to working closely with the CPUC in this Pilot. Please feel free to reach out to my colleague, Charity Allen, at callen@aurora.tech with any questions or concerns.

Kind regards,

DocuSigned by:
